

Employment support for veterans on the Wirral

The Poppy Factory helps veterans with health conditions on their journey into employment. One-to-one support is offered to individuals who have served for one day or more in any of the Armed Forces or Reserves, who have any kind of physical or mental health condition.

Based in the Stein Centre, Birkenhead, we work in partnership with Cheshire and Wirral Partnership NHS Foundation Trust providing support for veterans living on the Wirral.

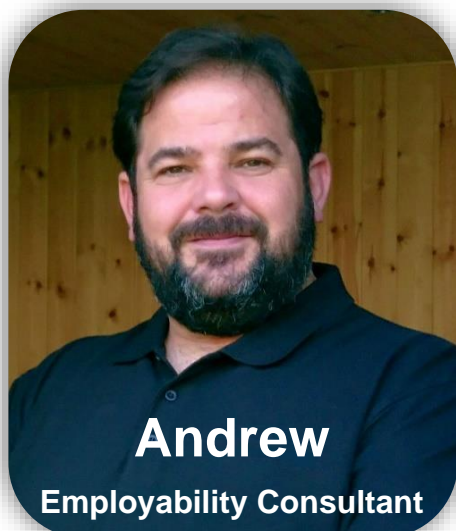

We can support veterans and reservist who:

- 1. Have any health condition that might be creating a barrier to employment.**
This does not need to be related to military service!
- 2. Are currently unemployed.**
If a veteran is at risk of redundancy, absent through long-term sickness, or their role negatively impacts on their health, still contact us as we may be able to help.

For more information or to register yourself or a veteran please contact:

A Client's Reflection

Vicki has PTSD from her time in the Army and struggled to find fulfilling work. Then she called The Poppy Factory.

"The Poppy Factory are good because they work with you, your ideas, your goals, so whatever it is you want to do in your new world they can help and assist..."

...the confidence that I've now got from where I was before, it speaks volumes."
